John Muller, Chair
S.F. Bay Regional Water Board
1515 Clay, CA 94612

Dear Mr. Muller:

I have recently become aware of the Boards proposed permit that would require cities and counties to meet a cleanup level in the S.F. Bay of 100 pieces of trash for every 100 feet in a trash "hot spot". This proposal does not go nearly far enough to ensure the preservation of our precious Bay. The S.F. Bay is filled with trash that kills marine wild life, impacts the quality of the water and destroys recreation. Please reconsider the proposed permit and create a proposal that allows for <u>zero trash</u>!

Sincerely,
Margretha Chacona
