Mayumi –

This email will acknowledge that Recology accepts the Draft Amended Cleanup & Abatement Order R5-2013-0704-01 that you circulated on December 30, 2014 for the Feather River Organics composting operations at the Recology Yuba Sutter site.

With respect to the water balance information that we discussed on our December 30 telephone call, Recology met with staff from the City of Marysville on Tuesday, January 6, 2015. Recology will continue to work with City staff on the POTW permitting and disposal issues and will get back to Regional Board staff shortly on these issues.

Please feel free to contact me if you have any questions. Thank you, Marc

Importance: High

All,

Please find attached the Draft Amended CAO that we spoke about this morning. You'll note the 2nd paragraph on page 1 contains the stipulation. The remainder of the changes are done in track changes for ease of comparison. Language following Paragraph 9(d) is the carried over boilerplate from the original CAO.

We look forward to your response. Have a safe and happy New Year and we'll talk in 2015!

-Mayumi
