<b>Project Name</b>	Devil's Corral Safety (02-1J750)
<b>Project Description</b>	The purpose of this Project is to reduce the frequency and severity of collisions within the project limits. In addition, the present chain on/off area lacks current chain control sign package, lighting, and sufficient pavement to accommodate all vehicles. Pre-warning turn sign also lacks a maintenance vehicle pull out. The proposed Project would also enhance safety for workers and the travelling public during winter conditions by providing current signage, and a paved lighted area for chain installation/removal and chain control activities.
