BACKGROUND

On July 7, 2021, the Administrative Hearings Office (AHO) of the State Water Resources Control Board (State Water Board or Board) issued a Notice of Status Conference regarding Nevada Irrigation District's petition for assignment of state-filed Application 5634 and accompanying water-right Application 5634X01 and South Sutter Water District's request for releases from priority of state-filed Applications 5633 and 5634 in favor of water-right License 11120 (Application 10221). Additional background information about Nevada Irrigation District's proposed project, petition for assignment, and application for a permit to appropriate water, and South Sutter Water District's request for releases from priority, are described in the July 7 notice.

The AHO held status conferences in this matter on August 31, 2021, and January 18, 2022.

STATUS CONFERENCE

The hearing officer will hold a status conference on the date and at the time specified on the first page of this notice by Zoom teleconference. No in-person appearances will be allowed. The status conference will be held and electronically recorded by Zoom teleconference. The AHO will not retain a court reporter for the status conference. Any party may arrange for a court reporter at the party's own expense.

During the status conference:

- (1) The hearing officer will ask representatives of the Nevada Irrigation District and South Sutter Water District to provide an update on the status of negotiations, actions, or other new information related to Nevada Irrigation District's pending Petition for Assignment of State-Filed Application 5634 and accompanying water-right Application 5634X01, or South Sutter Water District's Request for Releases from Priority of State-Filed Applications 5633 and 5634 in favor of water-right License 11120.
- (2) The hearing officer will accept comments from the parties on the AHO process described below for Nevada Irrigation District's pending Petition for Assignment of State-Filed Application 5634 and accompanying water-right Application 5634X01.

The hearing officer will draft a proposed order for consideration by the State Water Board that would set a time schedule for Nevada Irrigation District to complete necessary actions and submit required information to the AHO so that the AHO can conduct a hearing on Nevada Irrigation District's Petition for Assignment of State-Filed Application 5634 and accompanying water-right Application 5634X01. The time schedule in the proposed order will be based on the representations made by Nevada Irrigation District in this proceeding. The hearing officer will circulate a draft proposed order to the parties for comment before submitting the proposed order to the Board for its consideration.

(3) The hearing officer may consider other issues raised by the parties.

Parties do not need to file status conference statements. If any party wants to file a status conference statement, the party shall file the status conference statement with the AHO and serve copies of it on the other parties listed in the attached service list. The AHO will post the statements on the Water Board AHO-FTP site in the folder for this matter.
