c/o Lloyd L. Phelps, Jr., Trustee  
12775 S. Roberts Rd  
Stockton, CA 95206

Your License 13444 A021162 contains a term (Standard Term 91) that prohibits diversion of water under specified conditions. These conditions occur when stored water (Supplemental Project Water) from the Central Valley Project operated by the U.S. Bureau of Reclamation or the State Water Project operated by the California Department of Water Resources is being released to meet water quality standards and other inbasin entitlements in the Sacramento-San Joaquin Delta Watershed. The Bureau is mandating that the curtailment be extended due to dry hydrology and Endangered Species Act requirements.

You are hereby notified that the State Water Resources Control Board has determined that supplemental Project water is being released in the Sacramento-San Joaquin Delta Watershed.

**YOU MUST IMMEDIATELY DISCONTINUE WATER DIVERSION UNDER License 13444 A021162 FROM JANUARY 12, 2014 UNTIL NOTIFIED OF AN END DATE.**

**NOTE: If conditions change (precipitation) curtailment will immediately end.**

If you are still in need of water, you must now use your alternate water supply such as groundwater or contract (purchased) water from agencies that have available water.

A determination of "no hydraulic continuity" must be made by direct personal observation and only when there is no diversion occurring under the water right listed above.

**PLEASE NOTE: By no later than February 1, 2014 you must complete the enclosed 2014 Term 91 Compliance Certification Statement and return it to our office certifying, under penalty of perjury, that you will either: (1) cease diversion from all water sources; (2) cease diversion under the specified appropriate water right but will use water from your alternate water source(s); or (3) continue diversion under the specified appropriate water right because of the lack of hydraulic continuity to the Delta downstream from your point of diversion. In this regard, State Water Board staff may inspect your point of diversion to determine compliance with this Notice.**
