Re: Revised Transcript of SWRCB's September 20, 2011 Meeting

Dear Mr. Lauffer:

Yesterday, the State Water Resources Control Board posted to its website a revised version of the transcript from its meeting on September 20, 2011. At the same time the revised transcript was posted, the original transcript was removed from the website. There is no way, therefore, for members of the public to discern how the transcript was revised. It is also unclear why the transcript was revised after more than one month of public posting. In any event, please post a redlined version of the revised transcript so that the public may understand what revisions were made to the transcript.

Thank you for your anticipated cooperation

Very truly yours,

Nicholas A. Jacobs
Attorney
