## **NOTICE OF CANCELLATION OF PUBLIC HEARING**

**WATER QUALITY ORDER NO. 2010-XXXX-DWQ  
NPDES NO. CA0001368**

**WASTE DISCHARGE REQUIREMENTS  
FOR  
DYNEGY SOUTH BAY, LLC  
SOUTH BAY POWER PLANT  
SAN DIEGO COUNTY**

On September 16, 2010, the State Water Resources Control Board (State Water Board) issued a [Notice of Public Hearing for a Draft National Pollutant Discharge Elimination System \(NPDES\) Permit for the South Bay Power Plant \(SBPP\)](#). However, on October 20, 2010, the State Water Board received a letter from Dynegy South Bay, LLC requesting withdrawal of its application for renewal of the NPDES permit for the SBPP. According to the letter from Dynegy South Bay, LLC, on October 15, 2010, the California Independent System Operators terminated the Reliability Must Run status of SBPP's Units 1 and 2. Therefore, SBPP's current permit does not require renewal, and the Public Hearing is no longer necessary. The San Diego Regional Water Quality Control Board's Order No. R9-2004-0154, NPDES Permit No. CA0001368 requires the SBP's discharges to terminate on December 31, 2010.
