Uwdlgev<Notification of Exceedance of One of the South Delta Objectives

Dear Mr. Howard,

Pursuant to our January 24, 2013, letter “Protocol to Provide Earlier Notification to the State Water Resources Control Board and Partner Fisheries Agencies”, this email serves as notification that the 30-day running average EC value at San Joaquin River at Brandt Bridge exceeded 0.7 mmhos/cm beginning Thursday, June 11, 2015. The 30-day average value reached 0.8 mmhos/cm on that day.

Water quality information can be found on the Department of Water Resources’ website at the following link: <http://www.dwr.water.ca.gov/swp/operationscontrol/deltaops.cfm>.

A formal notification letter is forthcoming. Please let me know if you have any questions.

Aaron Miller, PE
