Dear Mr. Jacobs:

### RESPONSE TO LETTER REGARDING RUSSIAN RIVER FROST PROTECTION REGULATION HEARING

I write in response to your letter to Michael Lauffer, dated November 4, 2011, inquiring about the recent corrections to the reporter's transcript for the Russian River Frost Protection Regulation hearing. Shortly after posting the transcript, staff identified an error in the transcript. The reporter had not transcribed the entire item, ending the transcript prematurely. A DVD of the hearing and the reporter's own electronic record confirmed the error. Once the reporter had updated the transcript to include the entire event, the State Water Resources Control Board (State Water Board) replaced the version previously posted to the State Water Board's website with the corrected version. There is no redline of the transcript, as the reporter did not provide one. The only change was the correction on page 122 to reflect the nature of the State Water Board's motion.

To ensure that the public may understand the nature of the correction to the reporter's transcript, the State Water Board will post to the web page for this item both your letter and this response. If you have any further questions, please don't hesitate to contact me at (916) 341-5196 or by email at [drose@waterboards.ca.gov](mailto:drose@waterboards.ca.gov).

Sincerely,

A handwritten signature in black ink, appearing to read "David Rose".
