

STATE WATER RESOURCES CONTROL BOARD
RESOLUTION NO. 79- 1

IN THE MATTER OF REVIEW OF ACTION OF THE CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD, SAN DIEGO REGION, REGARDING ADOPTION OF ORDER NO. 76-21 (NPDES PERMIT NO. CA0003395), WASTE DISCHARGE REQUIREMENTS FOR SOUTHERN CALIFORNIA EDISON COMPANY AND SAN DIEGO GAS AND ELECTRIC COMPANY, SAN ONOFRE NUCLEAR GENERATING STATION, UNITS 2 AND 3.

WHEREAS:

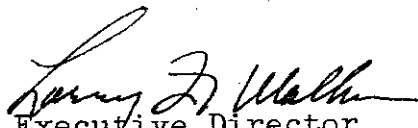

1. Order No. 76-21 was adopted by the San Diego Regional Water Quality Control Board on June 14, 1976. The terms and conditions of Order No. 76-21 were not directly challenged by any person within the appropriate statutory period for such challenge, or at any time prior to April 20, 1978. In the absence of review of Order No. 76-21 by the State Board on its own motion and modification of Order No. 76-21 by the State Board, Order No. 76-21 stands as a legally effective and binding NPDES permit.
2. On April 20, 1978, the State Board adopted Resolution No. 78-14 whereby the State Board determined to review, on its own motion, the action of the Regional Board in adopting Order No. 76-21 (NPDES Permit No. CA0003395).
3. Continuation of such review by the State Board is not necessary, appropriate or beneficial. The review previously undertaken should be terminated.

THEREFORE, BE IT RESOLVED:

Resolution No. 78-14 and the State Board determination to review Order No. 76-21 (NPDES Permit No. CA0003395) are hereby vacated.

CERTIFICATION

The undersigned, Executive Director of the State Water Resources Control Board, does hereby certify that the foregoing is a full, true, and correct copy of a resolution duly and regularly adopted at a meeting of the State Water Resources Control Board held on January 25, 1979.

Executive Director
(Larry F. Walker)
