

STATE WATER RESOURCES CONTROL BOARD
RESOLUTION NO. 87- 12

REQUEST FOR WAIVER OF STEP 3
FUNDING LIMITATION FOR THE CITY OF
LOS ANGELES, HYPERION ENERGY RECOVERY
SYSTEM - CLEAN WATER GRANT NOS. C-06-
2417-210, 220, 320, 410, 420, 430, 440, 610,
620, 630, 650, 660, 670, AND 710

WHEREAS:

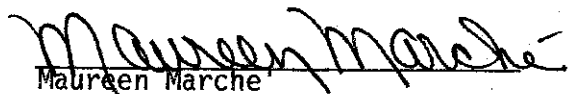

1. On September 2, 1982, the State Water Resources Control Board adopted a policy that all Clean Water Grants issued after October 1, 1982 would be limited to the low bid plus five percent of the construction bid costs for contingencies and additional amounts for administration and engineering;
2. On September 4, 1986, the City of Los Angeles (City) requested that the State Water Resources Control Board waive its funding limitation policy for the Hyperion Energy Recovery System, Clean Water Grant Nos. C-06-2417-210, 220, 320, 410, 420, 430, 440, 610, 620, 630, 650, 660, 670, and 710 (HERS GRANTS);
3. The reasons for the City's request for the waiver are the time constraints imposed by the court ordered Consent Decree between the City, the State and the U. S. Environmental Protection Agency, and the fact that these particular grants include complex and innovative technology; and
4. The State Water Resources Control Board staff has reviewed the City's request and is unable to support the City's request.

THEREFORE BE IT RESOLVED:

1. That after due consideration, the Board does hereby deny the City's request to waive the Board's funding limitation policy for the HERS GRANTS.
