

STATE WATER RESOURCES CONTROL BOARD
RESOLUTION NO. 90-108

APPROVAL OF NUNC PRO TUNC AMENDMENT TO THE
WATER QUALITY CONTROL PLAN FOR OCEAN WATERS OF CALIFORNIA
(CALIFORNIA OCEAN PLAN)

WHEREAS:

1. The State Water Resources Control Board (State Board) adopted Resolution No. 90-27 on March 22, 1990 approving amendments to the California Ocean Plan.
2. A drafting error was made in Table B of the Ocean Plan which erroneously changed the water quality objective for protection of marine aquatic life for "radioactivity".
3. As substantiated in the record regarding the recent amendments to the Ocean Plan, the State Board never intended to change, or considered the ramifications of changing, the radioactivity water quality objective.
4. The State Board has publicly noticed its proposed adoption of this Resolution to correct the drafting error in the Ocean Plan and has considered all relevant comments.

THEREFORE BE IT RESOLVED:

1. That the State Board hereby amends Table B, Objectives for Protection of Marine Aquatic Life, for Radioactivity to state:

"Not to exceed limits specified in Title 17, Division 5,
Chapter 4, Group 3, Article 3, Section 30269 of the
California Code of Regulations".
2. That this Resolution approving the Nunc Pro Tunc Amendment to the Ocean Plan shall be attached to Resolution No. 90-27 adopted by this Board on March 22, 1990, and shall be considered a part of that Resolution.

CERTIFICATION

The undersigned, Administrative Assistant to the Board, does hereby certify that the foregoing is a full, true, and correct copy of a resolution duly and regularly adopted at meeting of the State Water Resources Control Board held on October 18, 1990.
