

STATE WATER RESOURCES CONTROL BOARD  
RESOLUTION NO. 2001 - 075

ADOPTION OF THE STATE FISCAL YEAR (SFY) 2001/02  
STATE REVOLVING FUND (SRF) LOAN PROGRAM PRIORITY LIST

**WHEREAS:**

The Division of Clean Water Programs (Division) has developed the SFY 2001/02 SRF Loan Program Priority List based on Regional Water Quality Control Board and public input consistent with the Federal Clean Water Act;

2. The availability of funds under the SRF Loan Program and the interest expressed for developing and implementing wastewater treatment and water reclamation, non-point source and storm drainage pollution correction, and estuary enhancement programs and projects support funding Priority Classes A through D in SFY 2001/02;

It is expected the federal appropriation to the SRF Loan Program for Federal Fiscal Year 2002 will allow states the authority to fund all Needs Categories without restriction;

4. The SWRCB adopted a \$25 million cap for loan assistance per fiscal year to an individual agency during SFYs 1999/00 and 2000/01 in action taken on May 20, 1999; and
5. Up to four percent of the FFY 2002 Federal Capitalization Grant is available for state administration of the SRF Loan Program.

**THEREFORE BE IT RESOLVED THAT:**

The State Water Resources Control Board

Approves the placement of Priority Classes A through D on the fundable portion of the SFY 2001/02 Priority List;

2. Directs Major Sewer Rehabilitation (Needs Category IIIB) projects be eligible for funding in cases where the Rehabilitation is necessary to address a documented public health or water quality problem;
3. Approves the set-aside of four percent of the FFY 2002 Capitalization Grant for SRF Loan Program administration;
4. Reaffirms the \$25 million cap for loan assistance to an individual agency during SFY 2001/02; and
5. Adopts the Final SFY 2001/02 SRF Loan Program Priority List.

**CERTIFICATION**

The undersigned, Clerk to the Board, does hereby certify that the foregoing is a full, true, and correct copy of a resolution duly and regularly adopted at a meeting of the State Water Resources Control Board held on June 21, 2001.
