### PRECEDENTIAL DECISION

On December 13, 2006, the State Water Resources Control Board (State Water Board) adopted a precedential order dismissing a petition regarding a letter issued by the Central Coast Regional Water Quality Control Board (Central Coast Water Board) on November 9, 2000, as revised on August 9, 2006. The letter, a revision of an earlier technical report order, requested (but did not require) submission of a status report. The Order finds that the letter is not a final action of the Central Coast Water Board and is not subject to review by the State Water Board.
