

STATE WATER RESOURCES CONTROL BOARD
WORKSHOP SESSION - DIVISION OF FINANCIAL ASSISTANCE
JULY 6, 2005

ITEM 1

SUBJECT

ADOPTING THE PETROLEUM UNDERGROUND STORAGE TANK (UST) EMERGENCY, ABANDONED, RECALCITRANT (EAR) ACCOUNT FISCAL YEAR (FY) 2005-2006 ANNUAL SITE LIST; AND, AUTHORIZING THE EXECUTIVE DIRECTOR TO ISSUE LETTERS OF AWARD OR EXECUTE CONTRACTS AND AMENDMENTS FOR THE EXPENDITURE OF EAR ACCOUNT FUNDS

DISCUSSION

Chapter 6.75 of Division 20 of the Health and Safety Code authorizes the State Water Resources Control Board (State Water Board) to provide funding from the UST Cleanup Fund (USTCF) to Regional Water Quality Control Boards (Regional Water Boards) or local agencies for initiating corrective action at petroleum UST sites: (1) which require prompt action to protect human health or the environment; (2) for which a responsible party (RP) cannot be identified or located (abandoned site); or, (3) where the identified RP is either unable or unwilling to take the required corrective action (recalcitrant site). The FY 2005-2006 proposed budget for the USTCF Program includes sufficient funding for this function. The State Water Board has established procedures for administering the EAR Account, which include the adoption of an annual site list of abandoned and recalcitrant sites nominated by a Regional Water Board to receive EAR Account funding. The sites approved on the EAR Account Annual Site List may be provided funding pursuant to a contract with or letter of award from the State Water Board, or the State Water Board may request the Department of General Services to enter into a contract on behalf of the State Water Board or a Regional Water Board.

On January 12, 2005, the State Water Board requested the Regional Water Boards to: (1) contact local agencies in their regions to identify any abandoned and recalcitrant petroleum UST sites for inclusion on the EAR Account FY 2005-2006 Annual Site List, and (2) submit their annual list of recommended Regional Water Board and local agency sites to the State Water Board for EAR Account funding.

Seven Regional Water Boards responded, nominating a total of 48 eligible sites and requesting \$3,180,000 in funding. Sufficient funding is available for all 48 eligible sites.

POLICY ISSUE

Should the State Water Board adopt the EAR Account FY 2005-2006 Annual Site List, to provide funding to the designated oversight agencies to initiate site cleanup at listed UST sites? and,

Should the State Water Board authorize the Executive Director to issue letters of award or execute contracts and amendments for the expenditure of EAR Account funds for the designated sites?

FISCAL IMPACT

The State Water Board has designated \$5 million from the FY 2005-2006 USTCF appropriation for EAR Account projects. This is sufficient to provide the requested amounts for all eligible listed sites.

REGIONAL WATER BOARD IMPACT

The Regional Water Boards will administer eight sites. The remaining 40 sites will be administered by local agencies.

STAFF RECOMMENDATION

That the State Water Board adopt a resolution to grant EAR funding, as specified in the EAR Account FY 2005-2006 Annual Site List, and that the State Water Board authorize the Executive Director to issue letters of award or execute contracts and amendments for the expenditure of EAR Account funds designated in the EAR Account Annual Site List. That the State Water Board also authorize the Executive Director to request the Department of General Services to enter into contracts on behalf of the State Water Board or a Regional Water Board for the expenditure of EAR Account funds designated in the Annual Site List.
