

CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD
CENTRAL VALLEY REGION

ORDER NO. R5-2005-0158

RESCINDING VARIOUS WASTE DISCHARGE REQUIREMENTS

The California Regional Water Quality Control Board, Central Valley Region, finds that the Board adopted the following Orders and Resolutions, which are no longer applicable for the reasons shown:

Order No. 58-282, adopted 24 April 1958, prescribes requirements for the discharge of crude oil production wastewater to sumps for Franco-Western Oil Company, at the Norris-Drilexco-Hand Lease, NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 28, and the Dagany Lease, NE $\frac{1}{4}$ of Section 33, both in T24S, R18E, MDB&M, Pyramid Hills Oil Field, Kings County.

Resolution No. 58-286, adopted 24 April 1958, prescribes requirements for the discharge of crude oil production wastewater to sumps for Standard Oil Company of California, at the 7Y Lease, SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 7, the Section 17 Lease, SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 17, and the Davis Smith Lease, SW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 7, all located in T24S, R18E, MDB&M, Pyramid Hills Oil Field, Kings County.

Order No. 87-207, adopted 11 December 1987, prescribes requirements for the Windwood Dairy at 1301 Ivie Road, Galt, Sacramento County. Regional Board staff inspected the site on 1 November 2004 and found the facility is closed. There was no evidence of manure solids at the site. The site is being prepared for housing. Since this site will never be in operation in the future as a confined animal feeding operation, the WDRs for this site should be rescinded, as the facility no longer poses a threat to water quality.

Order No. 5-01-224, adopted 7 September 2001, prescribes requirements for the discharge of wastewater from a proposed 500MW electricity generating facility that would have been owned by Midway Sunset Cogeneration Company and in Section 17, T31S, R22E, MDB&M. A letter dated November 2004 from the Midway Sunset Cogeneration Company requested that the Regional Board rescind Order No. 5-01-224 and stated a new report of waste discharge will be filed if the project is resumed.

IT IS HEREBY ORDERED that the above waste discharge requirements Orders and Resolutions are rescinded.

I, THOMAS R. PINKOS, Executive Officer, do hereby certify the foregoing is a full, true, and correct copy of an Order adopted by the California Regional Water Quality Control Board, Central Valley Region, on 21 October 2005.
