### **NOTICE OF TENTATIVE WASTE DISCHARGE REQUIREMENTS FOR VULCAN MATERIALS COMPANY, GRANT LINE CONSTRUCTION AGGREGATE PRODUCTION AND RECYCLING FACILITY PROJECT, SACRAMENTO COUNTY**

#### **TO ALL CONCERNED PERSONS AND AGENCIES:**

Enclosed are tentative Waste Discharge Requirements for the Grant Line Construction Aggregate Production and Recycling Facility Project (Project) in Sacramento County.

The 25-acre Project will develop a concrete and asphalt recycling and production facility in Elk Grove. The facility will be capable of processing 1.7 million tons of construction aggregate materials annually, including hot-mix asphalt and ready-mix concrete. Approximately 600,000 tons of raw aggregate will be imported to the facility from Vulcan's aggregate mine, located approximately 11 miles northeast of the site at 15012 Florin Road in Sacramento. The facility will also recycle asphalt and concrete from local demolition projects. The project will construct a ready-mix concrete production facility, a concrete and asphalt recycling facility, a hot-mix asphalt facility, and associated facilities including modular office buildings. There are several seasonal wetlands located on the project site that will be permanently impacted from grading the site. All stormwater from the site will be captured, stored, and infiltrated to maintain pre-Project runoff quantities. Runoff from the aggregate processing and recycling facility will be directed to a sediment basin located near the southwestern portion of the Project site. After suspended sediment settles, runoff will be further treated in a bioretention pond, north of the sediment basin, before being released to a dry well to allow for percolation of the treated water. A second bioretention basin will be located near the entrance gate at Waterman Road and used to treat runoff from the entry area before it is released into the City's storm drain system.

A public hearing concerning this matter will be held during the Central Valley Regional Water Quality Control Board (Central Valley Water Board) meeting scheduled for:

---

MARK BRADFORD, CHAIR | PATRICK PULUPA, ESQ., EXECUTIVE OFFICER

DATE: 18/19 April 2024  
TIME: 9:00 a.m.  
PLACE: 1685 E. Street  
Fresno, California, 93706; and  
Physical Meeting Location w/ Remote Meeting Option

This public meeting is currently scheduled to take place in-person and via video and teleconference, but the format may be changed in the future. Any person wishing to obtain information about changes to the date, time, location, or format of the meeting should visit the [Board's website](https://www.waterboards.ca.gov/centralvalley/board_info/meetings) ([https://www.waterboards.ca.gov/centralvalley/board\\_info/meetings](https://www.waterboards.ca.gov/centralvalley/board_info/meetings)).

The [final meeting agenda](https://www.waterboards.ca.gov/centralvalley/board_info/meetings/) ([https://www.waterboards.ca.gov/centralvalley/board\\_info/meetings/](https://www.waterboards.ca.gov/centralvalley/board_info/meetings/)) will be available at least **10 days** before the meeting. The agenda will provide the specific date the Board Meeting will be held for this item, indicate the anticipated order of all agenda items, and may include staff revisions to the proposed order.

Any comments or recommendations you may have concerning the enclosed tentative Waste Discharge Requirements must be submitted to this office by **5:00 pm on 22 March 2024** in order for them to receive full consideration prior to the 15/16 February 2024 Board meeting. Comments received after this time will not be considered or included in the administrative record unless allowed by the Board's Chair. In order to conserve paper and reduce mailing costs, a paper copy of the tentative Waste Discharge Requirements has been sent only to Terry Marshall, of Vulcan Materials Company. Interested parties are advised that the full text of the Waste Discharge Requirements is available on the Central Valley Water Board's web site at [Central Valley Water Board's Tentative Orders web page](https://www.waterboards.ca.gov/centralvalley/board_decisions/tentative_orders/index.html) ([https://www.waterboards.ca.gov/centralvalley/board\\_decisions/tentative\\_orders/index.html](https://www.waterboards.ca.gov/centralvalley/board_decisions/tentative_orders/index.html)) under the heading of "Discharger-Specific Orders for Future Regional Board Meetings".

Although it is not required, we would appreciate receiving comments before the due date above. Anyone without access to the Internet who needs a paper copy of the tentative General Order should contact Nicholas Savino at (916) 464-4920 or [Nicholas.Savino@waterboards.ca.gov](mailto:Nicholas.Savino@waterboards.ca.gov).

Stephanie Tadlock  
Senior Environmental Scientist (Supervisor)
