Gray Davis
Governor

Mailout date: August 5, 2003

NOTICE OF PUBLIC MEETING/HEARING

1:00 p.m., Tuesday, August 26, 2003 Workshop
8:30 a.m., Wednesday, August 27, 2003

Regional Water Quality Control Board
David C. Joseph Hearing Room
5550 Skylane Blvd., Suite A
Santa Rosa

AGENDA

For questions regarding this agenda, please call Jean Lockett at (707) 576-2307 or by FAX at (707) 523-0135. This notice and associated staff reports can be accessed electronically through our internet address: <http://www.swrcb.ca.gov/rwqcb1/> (note: agenda items should be available electronically on August 14, 2003).

The Regional Water Board requests that all lengthy comments be submitted in writing in advance of the meeting date. To ensure that the Regional Water Board has the opportunity to fully study and consider written material, comments should be received in the Regional Water Board's office no later than 5:00 P.M. on August 12, 2003, and should indicate the agenda item to which it is applicable. If the submitted written material is more than 5 pages or contains foldouts, color graphics, maps, etc., 20 copies must be submitted for distribution to the Regional Water Board members and staff.

The Board may refuse to accept written comments submitted late. Pursuant to Title 23, California Code of Regulations, Section 648.2, the Regional Water Board may refuse to admit written testimony into evidence if it is not submitted to the Regional Water Board in a timely manner, unless the proponent can demonstrate why he or she was unable to submit the material on time or that compliance with the deadline would create an unreasonable hardship.

PLEASE NOTE THAT SOME ITEMS ON THE AGENDA MAY HAVE BEEN PREVIOUSLY NOTICED WITH EARLIER DEADLINES FOR SUBMITTING WRITTEN COMMENTS. IN THOSE CASES THE EARLIER DEADLINES APPLY.

"The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy costs, see our Web-site at: www.swrcb.ca.gov."

California Environmental Protection Agency

Recycled Paper

Comments on agenda items will be accepted by E-mail subject to the same conditions set forth for other written submissions as long as the total submittal (including attachments) does not exceed 5 printed pages in length.

NOTE C, attached to this Notice, contains a description of the hearing procedures that will be followed by the Regional Water Board. Hearings before the Regional Water Board are normally conducted using procedures that do not include cross-examination. Parties requesting use of more formal procedures must do so in accord with the directions in NOTE C. Any such request, together with supporting material, must be received in the Regional Water Board's office no later than August 12, 2003. *Except for items designated as time certain, there are no set times for agenda items. Items may be taken out of order at the discretion of the Chair.*

Tuesday, August 26, 2003

1:00 p.m.

1. Pledge of Allegiance
2. Roll Call and Introductions
3. WORKSHOP: Humboldt Watersheds Independent Scientific Review Panel Phase II Report
 - 1:05 Background (Concur)
 - 1:20 Presentation of Phase II Report (Panel)
 - 2:20 Questions and Answers (Dialogue between Regional Water Board and Panel)
 - 3:00 Break
 - 3:10 Continued Questions and Answers (Regional Water Board and Panel)
 - 3:30 Questions and Answers (Panel response to written questions submitted by public and agencies)
 - 4:00 Wrap-up Questions and Answers (Regional Water Board and Panel)
 - 5:00 End

All comments to be submitted relative to the workshop shall be provided in **written form** to CONCUR, Inc., at 1832 2nd Street, Berkeley, CA 94720 or email concurinc@concur.net. The submission of written questions is being used to facilitate the Panel's ability to respond to as many questions as possible in the allotted timeframe.

Written comments submitted to Concur, Inc., prior to August 21, 2003 will receive consideration by the full panel. This process will provide the Panel an opportunity to discuss and outline responses, as appropriate, to the questions submitted prior to the workshop. Questions submitted at the time

"The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy costs, see our Web-site at: www.swrcb.ca.gov."

California Environmental Protection Agency

Recycled Paper

of the workshop shall also be in **written form**. The submission of written questions at the workshop will also ensure that as many questions as possible can be posed to the panel members present at the workshop.

Wednesday, August 27, 2003

8:30 a.m.

4. Pledge of Allegiance
5. Roll Call and Introductions
6. Board Member Ex Parte Communication Disclosure - Board Members will identify any discussions they may have had requiring disclosure pursuant to Government Code Section 11430.50.
7. PUBLIC FORUM: Time will be reserved for the general public to address the Board on any subject relating to the Board's responsibilities, excluding those items on the agenda. Comments on items scheduled on the agenda will be taken during discussion of the agenda item. All persons wishing to address the Board should fill out a speaker card so that the Board Chair can determine the number of persons who wish to speak. **No more than 30 minutes will be allocated for the public forum in the morning; any appearances beyond this 30-minute time will be placed at the end of the regularly scheduled business.** In addition, the Board Chair may limit the overall time allocated to this item, if the number of speakers and the size of the agenda makes that necessary. The Board Chair requests that each person addressing the Board limit their presentation to three minutes. The three-minute time allocation may be shortened, as the Board Chair directs, to accommodate the Board meeting schedule. More lengthy items may be calendared for a future meeting.
8. Resolution for John Giorgi
9. Resolution for Jack Selvage
10. Minutes of Board Meetings
11. Board Chair's, Board Members', State Board Liaison's and Executive Officer's Reports: These items are for Board discussion only. No public testimony will be allowed, and the Board will take no formal action.

Consent Calendar: Item 12 is considered non-controversial issue. (NOTE: If there is public interest, concern or discussion regarding any consent calendar item or a request for a public hearing, then the item(s) will be removed from the consent calendar and considered after all other agenda items have been completed)

"The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy costs, see our Web-site at: www.swrcb.ca.gov."

NOTES

A. GENERAL STATEMENT

The primary duty of the Regional Water Board is to protect the quality of the waters within the region for all beneficial uses. This duty is implemented by formulation and adopting water quality plans for specific ground or surface water basins and by prescribing and enforcing requirements on all domestic and industrial waste discharges. Responsibilities and procedures of the Regional Water Quality Control Board come from the state's Porter-Cologne Water Quality Act and the nation's Clean Water Act.

The Regional Water Board processes requests for Water Quality Certification, pursuant to Section 401 of the Clean Water Act, to ensure that proposed federally permitted activities will comply with the Regional Water Board's water quality standards. A listing of requests that are awaiting Regional Water Board staff action may be obtained by calling the office of the North Coast Regional Water Board at (707) 576-2220. The list may also be obtained by accessing our web site at

<http://www.swrcb.ca.gov/rwqcb1>.

The purpose of the meeting is for the Board to obtain testimony and information from concerned and affected parties and make decisions after considering the recommendations made by the Executive Officer.

Items are numbered for convenience only and will not necessarily be considered in this order. Interested persons are encouraged to be present in advance of the listed time.

The Regional Water Board provides routine public notices on proposed corrective actions and closure decisions related to cleanup on contaminated sites. These routine notices are published on our web site at **<http://www.swrcb.ca.gov/rwqcb1>** and a copy is maintained at our office for public review.

B. CONSENT CALENDAR

All the items appearing under the heading "Consent Calendar" will be acted upon by the Board by one motion without discussion, provided that any Board member or other person may request that any item be considered separately and it will then be taken up at a time as determined by the Board Chair.

Any person may request a hearing on an item on the Consent Calendar. If the Board Chair grants the request, the item will be withdrawn and the hearing will normally be held at the end of the regular agenda.

C. HEARING PROCEDURES

Hearings before the North Coast Regional Water Board are not conducted pursuant to Chapter 5 of the California Administrative Procedure Act, commencing with Section 11500 of the Government Code. Regulations governing the procedures of the regional boards are codified in Chapter 1.5, commencing with Section 647, of the State Water Resources Control Board regulations in Division 3 of Title 23 of the California Code of Regulations. These procedures can be accessed by our web site at: **http://www.swrcb.ca.gov/water_laws/index.html**.

Unless otherwise specified in the public notice for a specific item, the Board wishes to limit oral presentations from all parties (dischargers, staff, government agencies, the public, etc.) to 0.5 hour maximum per party, but may limit testimony to 3 minutes or less per party depending on time constraints. Interested persons should submit to the Regional Water Board office at 5550 Skylane Boulevard, Suite A, Santa Rosa, California, 95403, FAX (707) 523-0135, twelve written copies of all comments, technical reports, and other material concerning

"The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy costs, see our Web-site at: www.swrcb.ca.gov."

California Environmental Protection Agency

Recycled Paper

any matters on this agenda by 5:00 p.m. on August 12, 2003. This written material will be provided to the Regional Water Board Members along with the full agenda materials. In addition, persons submitting written comments and other materials should be present at the Regional Water Board Meeting and available for questions. Oral comments that are duplicative of written comments should be limited to a summary of the previously submitted written materials. The Board reserves the right to refuse to accept any late-submitted written materials, absent a proper showing that information is available which was not available at the time the written materials were submitted.

Testimony and comments presented at hearings need not conform to the technical rules of evidence provided that the testimony and comments are reasonably relevant to the issues before the Board. Testimony or comments that are not reasonably relevant, or that are repetitious, will be excluded. Cross-examination may be allowed by the Board Chair as necessary for the Board to evaluate the credibility of factual evidence or the opinions of experts. Video taped testimony by witnesses who are not present at the hearing will not be accepted unless such testimony was subject to cross-examination by all designated parties¹.

Pursuant to Government Code § 11445.20, the Board will use an informal hearing procedure, which does not include the right of cross-examination. Failure to make a timely objection to the use of an informal procedure, in accord with the directions below, will constitute consent to the informal hearing (See Title 23, California Code of Regulations, Section 648.7). Even with a timely objection, an informal procedure may be used under the circumstances identified in Government Code § 11445.20 (a) (b) or (d).

For formal hearings, designated parties must submit witness testimony prior to the hearing date. During the formal hearing, witnesses will be allowed a limited time to orally summarize the pertinent points of their testimony. Designated parties requesting a formal hearing must submit 20 copies of the following information to the Regional Water Board. This information must be received in the Regional Water Board's Office by the date indicated on the first page of this Agenda Notice for the submission of a request for formal hearing:

- Witness testimony;
- The name of each proposed witness and the order in which witnesses will be called;
- A description/summary of what each witness' testimony is intended to prove; and,
- Identification of material factual issues in the dispute.

When a hearing is conducted using formal procedures, participants will be determined to be either "designated parties" or other "interested persons." Only designated parties will have the right to cross-examine witnesses. Interested persons do not have a right to cross-examination, but may ask the Regional Water Board to clarify testimony.

Designated parties automatically include the Regional Water Board and any person to whom an order is addressed (i.e., the Discharger(s)). All other persons wishing to testify or provide comments at a formal hearing are interested persons. An interested person may request status as a designated party for purposes of the formal hearing. A request must be received in the Regional Water Board's Office by the date indicated on the first page of this Agenda Notice for the submission of a request for formal hearing. The request must explain the basis for status as a designated party and, in particular, how the person is directly affected by the possible actions of the Regional Water Board.

For any hearing (formal or informal) the Board Chair will allocate time for each party to present testimony and comments and to question other parties if appropriate. Interested parties will generally

¹ This does not preclude the use of videotape to present graphic images, provided that the person who took the videotape is available for questioning and the presenter conforms to time limits imposed on all speakers; this is intended to apply to spoken testimony of witnesses who are not available for cross-examination at the hearing.

"The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy costs, see our Web-site at: www.swrcb.ca.gov."

be given 3 minutes for their comments. Where speakers can be grouped by affiliation or interest, such groups will be asked to select a spokesperson. The Board Chair may allocate additional time for rebuttal or for a closing statement. Time may be limited due to the number of persons wishing to speak on an item, or the number of items on the Board's agenda, or for other reasons.

All persons testifying must state their name, address, affiliation, and whether they have taken the oath before testifying. The order of testimony for hearings generally will be as follows, unless modified by the Regional Water Board Chair:

- Testimony of Regional Water Board staff
- Testimony of discharger
- Testimony of other designated parties
- Testimony of interested persons
- Closing statement by designated parties other than discharger
- Closing statement by discharger
- Closing statement by staff
- Recommendation by Executive Officer (as appropriate)
- Close public hearing
- Deliberation and voting by Regional Water Board
includes cross examination if formal hearing

Closing statements shall be for the purpose of summarization and rebuttal, and are not to be used to introduce new evidence or testimony, or to restate direct testimony. After considering evidence, testimony, and comments, the Regional Water Board may choose to adopt an order regarding a proposed agenda item. All Regional Water Board files, exhibits, and agenda material pertaining to items on the agenda are made a part of the record. Persons wishing to introduce item exhibits (i.e., maps, charts, photographs) must leave them with the Regional Water Board's Executive Assistant and must provide sufficient copies for distribution to the Regional Water Board, designated parties, and interested persons. Photographs or slides of large exhibits are acceptable.

D. CONTRIBUTIONS TO REGIONAL BOARD MEMBERS

All persons who actively support or oppose the adoption of waste discharge requirements or an NPDES permit being considered by the Regional Water Board must submit a statement to the Board disclosing any contribution of \$250 or more to any Regional Water Board Member. This requirement applies to contributions of \$250 or more made by the active supporter or opponent or his/her agent for use in federal, state or local elections within the last 12 months.

Also, all permit applicants and/or persons who actively support or oppose adoption of a set of waste discharge requirements or an NPDES Permit pending before the Regional Water Board are prohibited from making a contribution of \$250 or more to any Board Member for three months following a Regional Water Board decision on the permit application.

E. PROCEDURAL INFORMATION

The Regional Water Board may meet in closed session to deliberate on a decision to be reached based upon evidence introduced in an adjudicatory hearing [Authority: Government Code 11126(d)]; or to consider the appointment, employment or dismissal of a public employee to hear complaints or charges brought against a public employee [Authority: Government Code Section 11126(a)].

A quorum of the members of the Regional Water Board may meet for dinner and may recess for lunch; however, no business will be discussed except to the extent of Closed Sessions as announced at the meeting.

"The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy costs, see our Web-site at: www.swrcb.ca.gov."

Agenda items are subject to postponement. A listing of postponed items will be posted in the meeting room. You may contact the designated staff contact person in advance of the meeting day for information on the status of any agenda item.

Speaker Cards. All persons desiring to address the Regional Water Board are required to fill out a speaker card. Cards are normally provided near the entrance to the meeting room. Regional Water Board staff can assist you in locating the cards. Please fill out a separate card for each item you plan to speak on.

F. AVAILABILITY OF EXECUTIVE OFFICER'S REPORT AND AGENDA MATERIAL

Visit our website at www.swrcb.ca.gov/rwgcb1/ to view the Executive Officer's Report over the internet one week prior to the Regional Water Board meeting. A copy can also be obtained by contacting the staff office. A limited number of copies are available at the meeting.

Details concerning other agenda items are available for public reference during normal working hours at the Regional Water Board's office. The appropriate staff contact person, indicated with the specific agenda item, can answer questions and provide additional information. For additional information about the Board, please see the attached sheet.

G. PETITION OF REGIONAL BOARD ACTION

Any person affected adversely by a decision of the Regional Water Board may petition the State Water Resources Control Board (State Water Board), to review the decision. The State Water Board must receive the petition within 30 days of the Regional Water Board's meeting at which the action was taken. Copies of the laws and regulations applicable to filing a petition will be provided upon request, and may also be accessed via the internet at: http://www.swrcb.ca.gov/water_laws/index.html.

NOTE: If the State Water Board accepts a petition for review, the Regional Water Board will be required to file the record in the matter with the State Water Board. The costs of preparing and filing the record are the responsibility of the person(s) submitting the petition. The Regional Water Board will contact the person(s) submitting a petition and inform them of the payment process and any amounts due.

H. HEARING RECORD

Material presented to the Board, as part of testimony that is to be made part of the record must be left with the Board. This includes photographs, slides, charts, diagrams, written testimony, etc. All Board files pertaining to the items on this agenda are hereby made a part of the record submitted to the Regional Water Board by staff for its consideration prior to action on the related items.

I. ACCESSIBILITY

The facility is accessible to people with disabilities. Anyone requiring reasonable accommodation to participate in the meeting should contact Jean Lockett, Secretary, at (707) 576-2307 or lockj@rb1.swrcb.ca.gov at least 5 working days prior to the meeting. TTY/TDD/Speech-to-Speech users may contact the California Relay Service at 1-800-735-2929 or voice line at 1-800-735-2922.

J. PRESENTATION EQUIPMENT

Providing and operating projectors and other presentation aids are the responsibilities of the speakers. Some equipment may be available at the Board Meeting; however, the type of equipment available will vary dependent on the meeting location. Because of compatibility issues, provision and operation of laptop computers and projectors for Power Point® presentations will generally be the responsibility of the individual speakers. To ascertain the availability of presentation equipment please contact Jean Lockett at (707) 576-2307 or lockj@rb1.swrcb.ca.gov at least 5 working days prior to the meeting.
