

to whom it may concern.

5/8/14

We are boaters with our boat dry docked in Marina del Rey. We did not receive a SWRCB 2013 Notice

We adamantly oppose the Amendment to the L.A. Regional Basin Plan to revise the Total Maximum Daily Loads for Marina del Rey.

We weren't aware there was a copper problem in the Marina, or that we may be asked to both fix & pay for it.

This regulation puts the Marina del Rey Community in jeopardy. We don't want to be part of an environmental lawsuit because the Board says we're the "Responsible party" because our boat is kept in Marina del Rey.

This new regulation would make us seriously consider leaving the Marina or selling our boat.
