Public Comment  
Marina del Rey Toxics TMDL  
Deadline: 5/13/14 by 12:00 noon

5 May 2014

Jeanine Townsend, Clerk to the Board  
State Water Resources Control Board  
P.O. Box 100, Sacramento, CA 95812-2000

RE: Opposition To Proposed Amendment to the Los Angeles Regional Basin Plan To Revise the Total Maximum Daily Loads for Marina del Rey Toxic Pollutants

Marina del Rey Sportfishing, Inc. runs public and private sportfishing, whale watching and ecological tours. Because we rely upon the actual creatures that inhabit the sea, We are quite probably the most ecologically dependent and therefore Truly Ecologically Aware organization in Marina del Rey.

We are firmly opposed to the LA RWQCB proposed TMDL Amendment and ask the State Water Control Board to reject the Amendment for reasons you have surely received from other commentators.

Whether we received some mailings or not aside, the whole idea of forcing an agenda that's quite probably driven by a mere few idealistic souls to the likely detriment of thousands of people of all walks and socio economic levels who use The Marina, and the millions of dollars coming from who knows where but that could be well used to combat some of the real problems facing California and her citizens is not only blatantly absurd, it's just plain Unfair.

Marina del Rey Sportfishing formally requests that the State Board reject the TMDL Amendment as currently drafted.

Sincerely,

  
Rick Definger, President
