This letter is to request a recession of order for waste discharge requirements.

Enclosed is a copy of a letter dated January 29, 2007 from the Eastern Municipal Water District stating the sewer system has been installed at Callaway Vineyard & Winery.

Because of the sewer system installation the waste water ponds at Callaway Vineyard & Winery no longer exist.

I would also like to request the \$872 fee for the permit, which was billed on November 13, 2007, be reversed due to the fact no waste water discharge has been generated during the billing period of 7/1/07 – 6/30/08.

If an inspection of the property is necessary, please let me know when that will take place and I will be pleased to assist you in the inspection process.

Sincerely,

Peter Chang
