SUBJECT: Rescission of Cleanup and Abatement Order No. R9-2005-0278

The California Regional Water Quality Control Board, San Diego Region (Regional Board) has determined that Jim McGee of Multiple Concrete Enterprises, Inc., Michael and Milan Lubanko of LUBCO, Inc. and Tabatha and Keri Lubanko (Dischargers) have fully complied with the directives established in Cleanup and Abatement Order No. R9-2005-0278 (CAO). This determination was based on a Regional Board staff inspection of the site conducted on February 17, 2006 and the *Cleanup and Abatement Report for Order No. R9-2005-0278*, dated August 5, 2006 and prepared by Jeff W. Kidd Biological Consulting.

On September 5, 2008, the Regional Board issued a public notice of intent to rescind the CAO. The notice established a 30-day comment period that ended on October 6, 2008. No comments were received during the comment period. However, additional comments were received after the comment period was over and before the CAO had been officially rescinded by issuance of an order. These comments were submitted by affected parties that had not been notified of the comment period. Therefore, the comment period is being extended until October 28, 2008 to allow full consideration of these additional comments.
