FROM: 
James G. Smith
Assistant Executive Officer
Shipyard Sediment Advisory Team

DATE: November 6, 2012

SUBJECT: SHIPYARD SEDIMENT CLEANUP PROJECT

I hereby request that the Cleanup Team submit a report on the adequacy of the March 14, 2012, Final Environmental Impact Report (EIR) in addressing potential environmental impacts and mitigation identified in the October 26, 2012, proposed Remedial Action Plan (RAP). The report shall be submitted to me by 5 p.m. on November 26, 2012.

In your memorandum to me of October 31, 2012, you indicated that if the Final EIR did not adequately address the potential environmental impacts and mitigation identified in the proposed RAP, then "an additional CEQA document will need to be prepared before the San Diego Water Board can approve the RAP." For this reason, I am requesting the report.

For questions or comments, please contact Frank Melbourn by phone at 858-467-2973, or by email at fmelbourn@waterboards.ca.gov.
