

**Table 7.8.1-5 Regulatory Framework for Discharges by Source Category**

<b>Source Category</b>	<b>Regulatory Tool</b>
On-site sewage disposal systems (septic systems)	General waste discharge requirements (WDRs), individual WDRs, or waiver WDRs, as appropriate <sup>a</sup> Prohibition of human waste discharge
Sanitary sewer systems	General WDRs or individual WDRs, as appropriate Prohibition of human waste discharge
Grazing lands	Waiver of WDRs <sup>b</sup>
Dairies	Waiver of WDRs or individual WDRs, as appropriate
Municipal runoff	NPDES permit
Municipal wastewater discharges	NPDES permit
<sup>a</sup> Regulatory tool(s) employed will be consistent with State Board regulatory actions. <sup>b</sup> The Water Board retains the option of requiring general or individual waste discharge requirements or compliance with a discharge prohibition, as appropriate.
