

State Water Resources Control Board

March 27, 2023

PROPOSED ORDER ON PETITION FOR RECONSIDERATION OF ORDER WR 2022-0176 ON WATER RIGHT APPLICATION 30531B BY THE CITY OF STOCKTON

TO ALL PARTIES:

Enclosed with this letter is a proposed order prepared by the Administrative Hearings Office (AHO) on the City of Stockton's petition for reconsideration of the State Water Resources Control Board's (State Water Board or Board) Order WR 2022-0176. Order WR 2022-0176 denied and, in the alternative, canceled water right Application 30531B of the City of Stockton for a permit to appropriate water from the San Joaquin River.

The AHO is transmitting this proposed order to the Clerk of the Board and anticipates that the State Water Board will consider whether to adopt the proposed order during the Board meeting on April 18, 2023.

The AHO will send copies of the agenda of the Board meeting to the service list for this proceeding when the Clerk of the Board posts the agenda, which normally is 10 days before the meeting. The agenda will specify the deadline for submitting written comments on the proposed order and the process for appearing at the Board meeting to make oral comments.
