c. Are all of the above that apply included in the calculation of the customer average monthly rate indicated in section 2.a?

---

<sup>1</sup> Water System may have received a notification that it was preliminary identified by DFA staff as a Group 1 project.

Yes       No [explain]

d. Does the water system have any other sources of revenue other than the rates and fees charged to the customers?

Yes [describe]       No

e. Provide the date of the last water rate adoption for all applicable rates and charges:

f. If the system has a volumetric rate, please describe below.

g. If the system is not currently on a volumetric rate, please describe below if there are any plans to install meters and convert to a volumetric rate.

h. Provide the water system's monthly revenue and monthly operational costs.

3. Indicate the types of processes used for setting rates and charges for the water system for which the Applicant seeks the O&M funding (check all that apply).

- Prop 218 - Rate Increase Process
- CPUC General Rate Case Process - Class A
- CPUC General Rate Case Informal Process - Small Utilities
- CPUC Balancing Account Review and Approval Process
- CPUC Loan Repayment Surcharge Approval Process
- Other [describe]

4. For K-12 public schools with no monthly water rate, identify current budget allocated for O&M of the water system and current operational costs.

5. Has Technical, Managerial and Financial (TMF) Evaluation been conducted on the Water System? Does the Water System have recent audited financials?

Yes (Please explain the evaluation and results below)       No

6. Does the Water System have any future plans to conduct a Prop 218 Process?

Yes (Please provide details below)       No (explain)

7. Identify any factors facing the water system that may cause water service to discontinue due to the revenue shortfall. (e.g., increased treatment costs, loss of revenue due to wildfires)

8. Identify any existing debt burdens of the water system. Please include dates when each debt was incurred and profit/loss statements.

9. If applicable, explain how using O&M assistance to satisfy part of or all long-term debt service obligations will be the most cost-effective way to remove a financial barrier to long-term sustainability and improved affordability for customers of the system.

10. Describe any O&M assistance need, or affordability challenges facing the water system.

11. Please describe the estimated monthly water usage of the water system and describe if there are any conservation measures being planned or currently being implemented to help reduce water usage.

**D. ESTIMATED TOTAL O&M PROJECT COSTS (3 YEAR BUDGET)**

- 1. Estimated total O&M costs for the system:
- 2. Amount of O&M funding requested<sup>2</sup>:

Please attach a cost breakdown/budget for the proposed project. Group 1 Statewide Prioritization water systems that received a Notification letter should work with the identified project manager to determine the O&M funding amount.

**E. OTHER FUNDING SOURCES**

- 2. Indicate the applicant's balance of available reserves:
  - a. Please describe where the balance is shown on the submitted financial statements.

- b. If the applicant does not have available reserves, please explain why.

**F. LONG-TERM SOLUTION**

- 1. Are there any plans for a long-term solution to address the affordability challenges and make the system more sustainable and affordable for customers in the future?

Yes       No (Please explain)

---

<sup>2</sup> Please note there could be tax implications for the systems and/or its customers.
