**RE: Reissuance of the National Pollutant Discharge Elimination System
General Permit for Discharges of Storm Water Associated with
Construction Activities**

Dear Ms. Her:

Thank you for allowing the District to comment on this referral. Following are the recommendations from our General Services, Electrical, Irrigation and Domestic Water Divisions:

Irrigation

- No comments at this time.

Domestic Water

- No comments at this time.

Risk & Property

- No comments at this time.

Electrical

- The Electrical Division has limited exposure to these requirements and will rely on comments from the Environmental Department related to changes to this issue.

The Modesto Irrigation District reserves its future rights to utilize its property, including its canal and electrical easements and rights-of-way, in a manner it deems necessary for the installation and maintenance of electric, irrigation, agricultural and urban drainage, domestic water and telecommunication facilities. These needs, which have not yet been determined, may consist of poles, crossarms, wires, cables, braces, insulators, transformers, service lines, open channels, pipelines, control structures and any necessary appurtenances, as may, in District's opinion, be necessary or desirable.

If you have any questions, please contact me at 526-7433.

Sincerely,

Celia Aceves
Risk & Property Analyst
