**PLEASE HELP**

The Local Water board is threatening to mandate a huge sewer system in our Civic Center area that will cause many of us to have to sell our places. WE CANNOT AFFORD IT.

Please note: I am a CONDO homeowner near the Civic Center. There are 4 CONDO COMPLEXES that have our OWN TREATMENT PLANT. We dispose of our sewage cleanly and efficiently!!!! We have had no problems and not harmed the environment in the least!

The Water Board wants us to hook up to ANOTHER system, at a cost of possibly \$1000/month - AND IT IS UNNECESSARY. At the very least, WE SHOULD NOT BE IN THE ASSESSMENT ZONE.

The water board has badly misidentified the problems. THE CITY OF MALIBU PLAN IS SO MUCH MORE FAIR AND DOES A BETTER JOB OF ADDRESSING THE PROBLEM.

The zone is way too big - affecting those of us that should not be involved and cannot afford to be.

Please reject the S. Cal Water Board recommendation and listen to our leaders at the City of Malibu.
