Re: Request for Extension of Deadline California Water Fix Hearing

Dear Hearing Officers Doduc and Marcus:

North Delta CARES Action Committee joins in the recent requests of other parties and Protestants to extend the deadline by which written objections to Petitioners' case-in-chief.

This past Monday, Petitioners DWR and USBR submitted the materials supporting their case-in-chief. Those materials include over 5,200 pages of documents including testimony, as well as what appears to be tens of thousands of pages of additional modeling and modeling analysis.

We ask that the deadline for objection be extended for at least 60 days and all other deadlines and hearing dates be adjusted accordingly.

Thank you for your balanced consideration,

Sincerely,

Barbara Daly
