

Jeanine Townsend
Clerk to the Board
State Water Resources Control Board
P.O. Box 100
Sacramento, CA 95814-0100

Dear Jeanine,

We need MORE fresh water released into the San Joaquin, not less. The State Water Board's own Delta Flows report released in August 2010 called for more fresh water for the Delta!

Moreover, construction of weirs, watersheds, and reverse osmosis plants should be considered before any additional water is taken from the Delta!

Please distribute this letter to all concerned parties.

Respectfully,

Brent Bordanaro
