Attention, State Water Resource Control Board Members

I am writing to the State Water Resources Control Board, which are quietly trying to increase water exports out of the Tuolumne, Stanislaus, and Merced rivers. We want you to know that we disapprove of your plan.

The Board's proposed action has the potential to devastate 210,000 acres of farmland in San Joaquin, Stanislaus and Merced counties, while increasing our water and electricity rates.

Please reverse your proposed actions that could ruin our counties farmland.

Thank you for your time.

Sincerely,

Darald & Betty Brake
