Subject: COMMENT LETTER - 2/16/10 BOARD MEETING ITEM: ORDER- KERN RIVER

Dear Ms. Townsend;

In the above named matter I wish to state that I agree with your staff's finding that water is available to flow down the Kern riverbed.

I support the City of Bakersfield's application to run the available water down the riverbed.

Running water in the riverbed will help replenish the aquifer, help restore the natural environment of the river ecosystem and also provide recreational opportunities for the general population of Kern County.

I believe that granting the City of Bakersfield's application will be the best possible use of the available water.

A hard copy of this e-mail has been mailed to you at P. O. Box 100 Sacramento, CA 95812-0100.

Sincerely yours,

Frank E. Baker

Bakersfield, CA
