

Comment - Re: 2/16 Mtg Stem Kern River
Honorable Board Members, Feb 3, 2010

Please consider the needs of
all we ordinary citizens of
Kern County ~~in~~ ^{regards to}
our most basic needs for
water from the Kern River.

"Tied-up" water benefits
no one. Tejon Ranch
or other special interests
should not take precedence
over the 98+% population
with no voice or "special
interests." We just ask
for that which is ours
in a democratic society.

Thank you! for serving
and making right choices.

Mrs. Patricia Ann Gossen
