Subject: Kern River Water Flow

I grew up living at the beach, so being able to see beautiful blue water around a city makes living in that particular city even more satisfying. I have been in Bakersfield for 71/2 years now, and the "few" times that I have seen water flowing in the riverbed, not to mention throughout the city all the way to Rosedale, I have to say, it was a beautiful sight. Please add my vote to the Water Board to allow this to take place once again, and hopefully it will be for more than just a couple of days!!!!

Thank you,

Sincerely,
Tonya J. Andrews
