Division of Water Rights  
State Water Resources Control Board

Re: Comment on Settlement Agreement Permit 11043 (Application 13225), Monterey  
County Water Resources Agency Salinas River, Monterey County

Dear Ms. McCue:

This letter is being submitted by the Division of Water Rights Prosecution Team (Prosecution Team) in support of the Settlement Agreement dated July 1, 2013 that was executed by the Monterey County Water Resources Agency (Agency) and the Prosecution Team. In addition to the Prosecution Team's continued support of the Settlement Agreement, we would also like to note for the record our concurrence with the explanation provided in the comment letter submitted today by the Agency. It is the view of the Prosecution Team that all of the concerns raised in already-submitted comment letters can and should be addressed as the Board considers any time extension and change petitions required for future use of Permit 11043, and that there are ample opportunities for public input and participation in those processes.

Sincerely,

A handwritten signature in black ink, appearing to read "David Rose".

Staff Counsel  
Prosecution Team
