Subject: DRAFT REGULATION

Water Resources Control Board
Sacramento, Ca.

Dear Board Members:

When we started the Frost Protection Workshops, we were concerned with fish mortality. The Draft Regulation far exceeds that concern. In my opinion, it appears to be nothing more than a power grab by water board staff. This heavy handed approach will be totally counter productive. We urge the Water Board not to adopt this regulation but to continue the cooperation that we have had in the past. Thank you for your consideration.

Sincerely,

Alvin Cadd, president
