Dear Mr. Hood:

Thank you for your comments regarding the potential revisions to the compliance schedule for State Water Board Order 2009-0060. Because this is a matter is a quasi-adjudicative decision which will come before the full State Water Board, we have decided in an abundance of caution to implement ex parte communication rules. All correspondence regarding this matter is posted on our website, at: http://www.waterboards.ca.gov/waterrights/water_issues/projects/california_american_water_company/index.shtml

The State Water Board will have public deliberations on the proposed amendments to the CDO on July 19, 2016, and will consider your comments at that time.

Sincerely,

Marianna Aue

Pardon me, but we are in ex parte prohibition time, so I can not communicate on this matter other than through noticed process. Copying Board counsel, who can give you appropriate procedure.
