

## **Instructions for Paying Marijuana Cultivation Permit Fees by Cash**

---

All cash payments must be submitted directly to the State Water Resources Control Board (State Water Board), not the Regional Water Board. The State Water Board prefers that payments be made by check or money order. Money orders are available in large denominations (up to \$1000) at many local retail outlets and post offices across California and, if used, will expedite the enrollment process. The State Water Board may be able to accept cash payments at its downtown Sacramento location. Cash payments, however, will require additional time and an appointment with the State Water Board's Sacramento office. A delay in enrollment due to the need for a cash payment is not an excuse for non-compliance with applicable enrollment requirements.

To schedule an appointment to make a cash payment, please call (916) 341-5021.

If paying by check, mail it to the address below and note the permit number on the check:

Attn: Accounting Office  
State Water Resources Control Board  
P.O. Box 1888  
Sacramento, CA 95812-1888
