

**Changes to Resolution Adopting the Amendments to the Bay-Delta Plan**

1. Modify Whereas No. 7(g) (as previously revised by Change Sheet 3), as follows:

At a public meeting on August 21-22, 2018, the State Water Board heard oral comments and considered the adoption of the proposed Plan Amendments and Final SED. The State Water Board continued final action to ~~November 7~~**December 12**, 2018. **Change Sheets 1 to 3 were released to the public on August 20, 2018, and October 25, 2018, and include modifications to the Plan Amendments and the SED. Neither those changes nor the changes made by the State Water Board to this Resolution at the December 12, 2018, meeting result in new significant environmental effects or a substantial increase in the severity of effects disclosed in the Final SED.**

**Changes to Proposed Final Amendments (Appendix K)**

1. Modify southern Delta salinity water quality objective's program of implementation related to POTWs, page 48 (as previously revised by Change Sheets 1 and 3):

Where it is or becomes feasible for a POTW to comply with numeric water quality based effluent limitations for salts, the Central Valley Regional Water Board shall require them in the applicable NPDES permit. In such cases, POTW compliance actions **could** include, ~~without limitation~~**among other things**, source control, such as reducing salinity concentrations in source water supplies; pretreatment programs, such as reducing water softener use among water users; and desalination.
