Subject: Water for the valley

Dear Water Board,

You seem to not hear us here in the Valley..... We are humans who need this water you want to send elsewhere. PLEASE consider the people who will not have jobs, will not have food to eat and kids won't have clothes to wear to school, because the Water Board ignored the facts. Humans are part of the environment too and they are not to be killed because you want to give our water to fish etc. Does not make sense at all. Please, please reconsider your actions.

Sincerely,
Edna Mason
