WHAT THIS MEANS TO YOU

The State Water Resources Control Board (State Water Board) invites you to attend the second public meeting to learn about the potential consolidation between the City of Exeter and Tooleville.

This meeting is part of the Safe and Affordable Funding for Equity and Resilience (SAFER) program. The SAFER program was designed to ensure Californians who lack safe and affordable drinking water receive it as quickly as possible. The SAFER program is helping water systems achieve this goal through a set of tools, funding sources, and regulatory authorities.
