WATER QUALITY CONTROL BOARDS, LAHONTAN REGION,  
COLORADO RIVER BASIN REGION, AND THE SANTA ANA  
REGION

WHEREAS:

1. Section 13260 of the California Water Code provides that any person discharging or proposing to discharge waste shall file a report of waste discharge with the appropriate Regional Board, and the Regional Board shall prescribe requirements as to the nature of the discharge with relation to the conditions existing from time to time in the disposal area or receiving waters.
2. Section 13222 of the California Water Code provides that "Pursuant to such guidelines as the State Board may establish, each Regional Board shall adopt regulations to carry out its powers and duties under this division".
3. In July and October 1974, the Lahontan, Colorado River Basin and Santa Ana Regional Boards adopted "Guidelines for Sewage Disposal from Land Developments" for San Bernardino County.
4. It is the intent of the State Board to encourage and support cooperative efforts between Regional Boards for water quality control where the jurisdiction of two or more Regional Boards impacts upon local government agencies.
5. The guidelines were submitted to the State Board for review and approval pursuant to State Board Resolution No. 73-42.
6. The proper and orderly review by the State Board of the Regional Board guidelines finds the guidelines to be compatible and to be consistent with the goals and objectives of the basin plans for Basins 6B, 7A, 7B, and 8.

THEREFORE BE IT RESOLVED:

1. That the Board approves the guidelines of the Lahontan, Colorado River Basin, and Santa Ana Regional Boards.
