

**State Water Resources Control Board
Groundwater Ambient Monitoring and Assessment (GAMA) Program
Priority Basin Project**

**North Coast Study Unit
Wrap-Up Meeting**
Thursday, January 27th, 2011
1:00-3:00 pm

**Humboldt Bay Municipal Water District
828 Seventh St.
Eureka, CA 95502**

AGENDA

Introductions; Meeting Overview

- Program Overview – *SWRCB*
- Basin Assessment Implementation – *USGS*
- Presentation of Preliminary Results-- *USGS*
- Wrap-up and Adjourn

Background: The North Coast study unit includes valleys in the Coast Range north of San Francisco Bay, including areas around Clear Lake, Ukiah, Willits and Covelo, and in coastal areas from Point Arena to Crescent City. This includes two study areas, the coastal basins (shown in pink) and the inland basins (shown in green in the map to the right). This study unit includes areas in Mendocino, Lake, Humboldt, and Del Norte counties.

The GAMA Program was created as a result of statewide groundwater quality concerns and was later expanded by the Groundwater Quality Monitoring Act of 2001 (AB 599). The primary objectives of the GAMA Program are to improve comprehensive groundwater quality monitoring and to increase public availability of groundwater quality information. Participation is voluntary. The State Water Board implements the GAMA Program with the US Geological Survey and Lawrence Livermore National Laboratory.

Please visit www.waterboards.ca.gov/gama for more program information, a copy of the agenda, and a map to the meeting site. You may also see <http://ca.water.usgs.gov/gama/> for additional technical information.

Directions:

See next page for map.

Note:

Meeting date is subject to change. Please confirm your attendance with Julie Saturnio at 916 341-5860 or jsaturnio@waterboards.ca.gov. For more information, please visit www.waterboards.ca.gov/gama.
