Dear Mr. Green:

Subject: Amendment to the Federal Clean Water Act, Section 401, Water Quality Certification for the Sonoma Luxury Resort, LLC Saggio Hills Development Project

File: Saggio Hills Development Project
WDID No. 1B06169WNSO

On July 17, 2013, we received your letter requesting an amendment of the December 5, 2008, Federal Clean Water Act, section 401, Water Quality Certification (Certification) for the Saggio Hills Development Project. On March 11, 2009, Sonoma Luxury Resort, LLC was issued a Department of the Army 404 permit (File No. 1999-246470N) authorizing the Saggio Hills Development Project. This federal 404 permit states that the time limit for completing the work authorized ends on December 5, 2018. Your letter requests an amendment to the expiration date of the Certification to coincide with the expiration date in the federal permit.

In response to your request, this letter serves as an amendment to Condition 20 of the Certification, allowing an extension of the authorization of the Certification as outlined below:

Condition 20: The authorization of this certification for any dredge and fill activities expires on December 5, 2018. Conditions and monitoring requirements outlined in the certification are not subject to the expiration date outlined above, and remain in full effect and are enforceable.

I hereby issue an amendment to the expiration date in Condition 20 of the Certification for the Sonoma Luxury Resort, LLC – Saggio Hills Development Project (WDID No.

1B06169WNSO) certifying that the remainder of the Water Quality Certification sections of the December 5, 2008, Order are still valid.
