In re:

STATE WATER RESOURCES CONTROL BOARD

REGULATORY ACTION:

Title 23, California Code of Regulations

Adopt sections 3929

NOTICE OF APPROVAL OF REGULATORY
ACTION

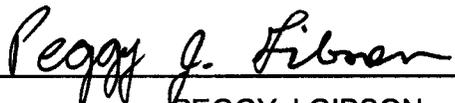

Government Code Section 11349.3

OAL File No. 06-0721-06 S

This amendment to the Water Quality Control Plan for the Central Coast Region (Basin Plan) establishes a Total Maximum Daily Load (TMDL) to address impairment of San Luis Obispo Creek due to nitrate-N. Current nitrate-N concentrations in the creek are impairing the beneficial uses of the municipal and domestic supply of water. This TMDL sets numeric targets for nitrate-N based on the existing Basin Plan objective.

OAL approves this regulatory action pursuant to section 11349.3 of the Government Code.
