## Central Valley Regional Water Quality Control Board

23 June 2014

Steve Castleberry  
Director of Public Works  
Nevada County Sanitation District 1  
950 Maidu Avenue  
Nevada City, CA 95959

***ADMINISTRATIVE CIVIL LIABILITY ORDER R5-2014-0506, NEVADA COUNTY SANITATION DISTRICT 1, CASCADE SHORES WASTEWATER TREATMENT FACILITY, NEVADA COUNTY***

Thank you for your letter of 12 June 2014 requesting an extension of the final due date for Administrative Civil Liability Order (ACLO) R5-2014-0506 for the Cascade Shores Wastewater Treatment Facility. The ACLO assesses \$66,000 in mandatory minimum penalties and allows the entire penalty to be applied to a compliance project. The compliance project consists of constructing a land discharge treatment system and ceasing discharge to surface water.

The ACLO currently has an end date of 30 June 2014, by which Nevada County is to show that it has spent at least \$66,000 on the compliance project. As of late May, Nevada County has been credited with spending \$25,751 in consultant and outside costs on the project. I understand that the County has recently made an offer on the property which will be used for the land discharge system, and that the County hopes to have a purchase agreement in place within the next few months. I am willing to extend the final due date for the ACLO in order to allow the County's purchase of the land to be credited toward the suspended penalties.

**Therefore, ACL Order R5-2014-0506 is hereby revised such that the Final Project Report is now due by 30 December 2014.**

If you have any questions please contact Wendy Wyels at (916) 464-4835 or at [wwyels@waterboards.ca.gov](mailto:wwyels@waterboards.ca.gov).
