Re: Reappointment of Soapy Mulholland to Stewardship Council  
Board of Directors

Dear Pam,

As you are aware, Soapy Mulholland has served on the board of directors of the Pacific Forest and Watershed Lands Stewardship Council for several years as the primary representative of the Central Valley Regional Water Quality Control Board.

On November 19, 2014, the Stewardship Council board of directors will elect its 2015 officers and appoint committee chairs. The Board Development Committee has nominated Soapy Mulholland to serve as chair of the Watershed Planning Committee in 2015, a duty she has very ably carried out during the past five years.

Soapy's contributions in furtherance of the Stewardship Council's mission to conserve PG&E's watershed lands and to connect underserved youth to the outdoors have been invaluable. The Stewardship Council has benefited greatly from her experience as a former member of the regional water quality board, as executive director of a land trust that is conserving lands in the southern Sierra Nevada mountains, and as board member for another prominent land trust.

Therefore, I urge the Central Valley Regional Water Quality Control Board to renew Soapy's appointment to the Stewardship Council board.

Thank you for your consideration of this request.

Sincerely,

Allene Zanger, Executive Director
