Waste Discharge Requirements for the Los Alamitos Race Course

(Language deleted is ~~strike through~~)

(Language added is **bold and shaded**)

1. Order, page 4, modify paragraph II.B.1. as follows:
 1. The purpose of this Order is to regulate the discharge of storm water runoff from the non-production areas and wastewater from the Concentrated Animal Feeding Operation (CAFO) area that might be discharged only from a facility designed, constructed, operated and maintained to contain all process wastewater plus the runoff from a 25-year, 24-hour duration rainfall event through a discharge point to the municipal storm drain system which drains to Reach 1 of the San Gabriel River. The Discharger is required to design, construct, operate and maintain such facility, as provided in the Interim Effluent Limitations, Section IV(A)(2)(a)(**ii**), of this Order.
