Supplemental Environmental Projects
ACL Order No. R9-2000-0103
City of San Diego

Supplemental Environmental Projects: Not Mapped

- **ACL Order: R9-2000-0103 City of San Diego
Beach Valuation Project**

Objective: To develop an easily used mathematical model for the valuation of beaches using beach attendance data, beach characterization, and a beach user survey to enable calculation of the number of dollars lost per person per day when a beach in San Diego is closed.

 - City of San Diego/Santa Monica Bay Restoration Foundation
 - Pacific Ocean Watershed
 - \$262,500
- **ACL Order: R9-2001-0173 Encinitas Ranch
Storm Water Workshops**

Objective: To educate contractors, developers, and municipal inspectors of the Construction Stormwater regulations.

 - Encinitas Ranch, L.L.P.
 - Batiquitos Carlsbad Hydrological Unit
 - \$14,000
- **ACL Order: R9-2005-0224 Southern California Coastal Waters
Research Project
Regional Marine Monitoring Program for Southern California
Bight**

Objective: To supplement the ongoing monitoring program being conducted within the Southern California Bight.

 - Southern California Coastal Water Research Project
 - Pacific Ocean Watershed
 - \$4,500

Supplemental Environmental Projects: Not Mapped

(Continued)

- **ACL Order: R9-2005-0229 City of San Diego**
Water, Sediment and Biota Monitoring
Objective: To enhance monitoring of water, sediments and biota in marine coastal waters, bays, lagoons and estuaries in the San Diego Region.
 - San Diego Region
 - \$28,500
- **ACL Order: R9-2005-0173 Metropolitan Transit System**
Water Quality Improvement Project
Objective: To improve water quality through a project within the San Diego River watershed to be presented to the Regional Board Executive Officer for approval.
 - Southern California Coaster Water Research Project
 - San Diego River Hydrological Unit
 - \$50,000
- **ACL Order: R9-2008-0072 Buena Sanitation District**
Buena Vista Creek Ecological Reserve Habitation Restoration
Objective: To conduct restoration projects in Buena Vista Creek Ecological Reserve Habitat
 - National Fish and Wildlife Foundation
 - Buena Creek
 - \$395,000

Supplemental Environmental Projects: Not Mapped

(Continued)

- **ACL Order: R9-2008-0142 San Diego Water Authority
River Blitz**

Objective: To expand and enhance the existing program to track locations of trash, invasive non-native plants, graffiti and water quality problems

- San Diego River Conservancy
- San Diego River Hydrological Unit
- \$7,500

- **Clean and Green Volunteers**

Objective: To fund 12 clean-up events to remove trash along the San Diego River.

- San Diego River Conservancy
- San Diego River Hydrological Unit
- \$24,000

- **San Diego River Watershed Data Collections and Restoration Program**

Objective: To develop a project to assist the implementation of the San Diego River Watershed Management Plan; San Diego River Conservancy's Strategic and Infrastructure Plan, and the establishment of a network of wireless environmental sensors.

- San Diego River Conservancy
- San Diego River Hydrological Unit
- \$40,000

Supplemental Environmental Projects: Not Mapped

(Continued)

- **ACL Order: R9-2008-0144**
Harmful Algal Bloom Investigation
Objective: To fund a harmful algal bloom study as an element of the Atmospheric Deposition Component of the Bight 2008 Survey
 - Southern California Coastal Waters Research Project
 - Pacific Ocean
 - \$37,500
- **ACL Order: R9-2008-0137 San Elijo Joint Powers Authority**
Atmospheric Deposition and Harmful Algal Blooms
Objective: To fund the atmospheric deposition component of the Bight '08 Survey through dry deposition, wet deposition during rain events, and calculation of atmospheric nutrient loading.
 - Southern California Coastal Waters Research Project
 - \$4,500
