¹ Notice of Filing submitted under California Code of Regulations, title 23, section 3779.

BACKGROUND

The State Water Board is considering an amendment to the Ocean Plan and the forthcoming ISWEBE Plan to adopt a Statewide Wetland Definition and Procedures for Discharges of Dredged or Fill Material to Waters of the State (proposed Amendments). The proposed Amendments consist of the following components: (1) a wetland definition; (2) a framework for determining if a feature that meets the wetland definition is a water of the state; (3) wetland delineation procedures; and (4) procedures for application submittal, and the review and approval of Water Quality Certifications, Waste Discharge Requirements, and waivers of Waste Discharge Requirements for dredged or fill activities (henceforth collectively referred to as Orders) for dredged and fill activities. The proposed Amendments would not apply to suction dredge mining activities for mineral recovery.

The State Water Board developed the proposed Amendments to address several important issues. First, there is a need to strengthen protections for waters of the state that are no longer protected under the Clean Water Act (CWA) due to past U.S. Supreme Court decisions. Second, there is inconsistency across the Water Boards in regulating discharges of dredged or fill material into waters of the state, including wetlands. Third, current regulations have not been adequate to prevent losses in the quality and quantity of wetlands in California.

DOCUMENT AVAILABILITY

The proposed Amendments and related documents and information are available on the State Water Board's web site at:

http://www.waterboards.ca.gov/water_issues/programs/cwa401/wrapp.shtml.

You may request a paper copy of the proposed Amendments by contacting Ana Maria Saenz at (916) 341-5480 or AnaMaria.Saenz@waterboards.ca.gov.

Additional information on the hearing in Sacramento can be found at the State Water Board's web site at:

PROCEDURAL MATTERS

At the September 6, 2017 public hearing, there will be no sworn testimony or cross-examination of participants. However, the State Water Board and its staff may ask clarifying questions. At the hearing, participants will be given an opportunity to summarize and supplement their written materials with oral presentations. To ensure a productive and efficient hearing in which all participants have an opportunity to participate, oral presentations may be time-limited. For other presentation recommendations, go to:

http://www.waterboards.ca.gov/board_info/meetings/board_presentations.shtml

The State Water Board will schedule a subsequent meeting to consider adoption of the proposed Amendments.

CALIFORNIA ENVIRONMENTAL QUALITY ACT

This is to advise that the State Water Board is proposing to adopt or amend the Ocean Plan and the forthcoming ISWEBE Plan in accordance with a regulatory program exempt under Section 21080.5 of the Public Resources Code from the requirement to prepare an environmental impact report under the California Environmental Quality Act (Public Resources Code Section 21000 et seq.).
